NRMA Safer Driving School Road Safety Grant

**Project Title**- Safety on Two-Wheels

**Summary**- The program would consist of four sessions with each session focussing upon a particular skill/safety area.

**Session 2**- Revision of session 1. Introduction of ABC bike check, helmet fit. Basic riding skills, emergency braking, obstacle avoidance, one handed riding, riding with a partner, moving from single file to two abreast and back.

**Session 3**- Revision of session 2. Introduction to road riding. Road rules for 12yrs old and under, stopping at stop signs, giving way to other vehicles and pedestrians, signalling (hands and voice), identifying cars about to move, where to ride for maximum visibility, roundabouts (one lane).

**Session 4**-ABC Bike check and helmet check. Simulated road riding. Putting it all into practice using a simulated road/traffic scenario.

* Please note that the road ride session for Stage 3 students will not occur.

**What are the road safety learning outcomes?** Make informed decisions and accept responsibility for consequences. Display an understanding of cycling safety issues affecting children. Describe safe practices that are appropriate to a range of situations and practices. Identify the safest places to ride bicycles.

Permission Note

I have read the information above. I understand classroom teachers will be supervising students and hereby give permission for my child /children .......................................................... to participate in the Bike Safety Program.
